to Eat

Our meats are the very best and we defy anyone to sell the SAME QUALITY meat cheaper than we do.

We can prove this statement if you will visit our shop. The wholesale prices of beef today range from 12 1/2c to 26c per pound, which proves that you cannot judge a store by advertised prices.

We have enlarged our fruit and vegetable department to more than 40 feet in length.

Displayed here are such tempting fruits, both tropical and home grown and fresh and green things to eat that you will just naturally buy when you see them.

We deliver for 1c a block, either paid or C. O. D. orders.

If you can't possibly visit us, call us up.
